Murder Mystery

In murder mystery there are three roles. The **Murderer,** the **Detective** and the **Innocents**. The **Innocents** goal is to stay alive for as long as possible while the **Murderers** goal is to kill all **the** innocents. The **Detectives** goal is to kill the **Murderer** with their bow. If all **Innocents** and the **Detective** are killed before the time runs out the **Murderer** wins, while if the **Murderer** gets killed or hasn't killed everyone else before the time runs out then **Innocents** win. If the **Detective** is killed, an innocent can locate and pick up their bow.
